The Litchfield Airport Authority and the Route 66 Jets RC Club are again sponsoring a Remote Control (RC) Jets Rally from Thursday September 9 through Sunday September 12. Approximately 40 contestants and 70 aircraft from all over the United States will be attending this event. There will be scale models of military jets as well as high performance sport jet aircraft. These aircraft use real miniature jet engines and can fly as fast as 200 mph.

The public is invited to attend this event from 9:00 A.M. to sunset Thursday through Saturday and 9:00 AM to 1:00 PM. Sunday. For a \$5 entrance fee, you will receive a wristband that will entitle you to attend any and all days of the event. Parking is free. Food concessions are available or bring your own food and tailgate in the parking area. Please bring your own lawn chairs for seating and don't forget your cameras. Children 15 years and younger will be admitted free.

Access to the event will be along US Route 66 South, the "***Mother Road***". Turn right at "Airport Trail" which is the road immediately south of the airport entrance. Look for signs.

Pilots flying in will use runway 9/27. Runway 18/36 will be closed. Please make your down wind approach south of runway 18/36 and then make an extended base leg.

The airport website contains more pictures of last year's Rally, maps and more detailed information.
